5. RESPONSIBILITIES

a. Employees' Responsibilities. Before beginning any exercise or physical fitness program, it is recommended employees obtain approval from his/her personal healthcare provider. Eligible civilian employees seeking to participate in the NCR MD CFWP must:

(1) Receive prior authorization from his/her supervisor. Once authorized, employees must complete NCR MD CFWP Agreement (Enclosure 3), and obtain supervisor's signature. The employee shall maintain a copy of this agreement for his/her records and provide a copy to his/her supervisor.

(2) Physically report to work before going to his/her fitness/wellness activity, and must physically report back to work if the fitness/wellness activity is the last thing done before the end of the work day. The use of onsite fitness facilities is encouraged, if available; however, supervisors may approve the use of an offsite fitness facility, such as a local private gym.

b. Supervisors' Responsibilities:

(1) Supervisors are encouraged to adjust work schedules to permit participation in the NCR MD CFWP where possible and consistent with the workload and mission.

(2) Supervisors are responsible for ensuring the program is not compromised or abused and have the authority to revoke privileges based on a finding of an employee's failure to fully participate in the approved fitness/wellness program, or subsequent to approval of the employee to participate in such programs, the employee is placed on a Performance Improvement Plan (PIP), a leave restriction plan, or is formally disciplined for any misconduct (e.g., AWOL, insubordination, threatening, hitting, use of illegal drugs, gambling, etc.) related to dishonesty or lack of candor.

(3) Supervisors may cancel an employee's NCR MD CFWP when required to accomplish the mission. This includes the right to cancel an employee's use of administrative leave on a day where the employee has been approved the use of administrative, sick, annual leave, or leave without pay (unrelated to the NCR MD CFWP), and the supervisor believe the combined time away from work would negatively impact the mission. However, whenever possible, supervisors should try to reschedule the administrative leave for another time.

(4) Supervisors of a newly assigned employee who is already participating in the NCR MD CFWP should review the employee's scheduled participation to determine if there are any conflicts with the mission of the organization.

ENCLOSURE 1

ENCLOSURE 2POLICY

1. Policy. Eligible civilian employees are authorized excused absence to participate in the NCR CFWP in accordance with the following guidelines:

a. Administrative Leave Ceilings

(1) Full-time employee ceilings: A supervisor may approve a maximum of 1 hour of Administrative Leave per day for up to 3 regularly scheduled work days per week. Unused exercise hours may not be carried forward to subsequent weeks. The 3 hours per week consist of the total time away from the work site, to include time for changing clothes, showering, and traveling to and from the fitness/wellness program location. If an employee is unexpectedly away from the office for longer than the approved period of administrative leave, he/she may request the use of annual leave, subject to supervisory approval. If the employee does not request, or the supervisor denies the request for the use of annual leave, the employee should be charged absent without leave.

(2) Part-time employee ceilings: A supervisor may approve a pro-rated amount of administrative leave based on the number of hours worked per pay period, applying the following formula.

Number of hours regularly scheduled to work bi-weekly (part-time schedule) divided by 80 hours (full-time schedule) = % of (maximum 3 hours per week) time allowed for the part-time employee. (All calculations should be rounded to the nearest timekeeping increment, i.e., 15 minutes.)

Example 1: A part-time employee working 32 hours per week/64 hours per pay period, $64/80 = 80\%$. 80% of 3 hours per week = 2.4 hours per week, rounded to the nearest timekeeping increment (15 minutes/.25hrs) = 2.5 hours/week.

Example 2: A part-time employee working 24 hours per week/48 hours per pay period, $48/80 = 60\%$. 60% of 3 hours per week = 1.8 hours per week, rounded to the nearest timekeeping increment (15 minutes/.25 hours) = 1.75 hours/week.

(3) Up to 3 hours per week will be annotated as administrative leave on the timesheet for the time participating in the NCR MD CFWP.

b. Approving or Disapproving Administrative Leave

(1) Overtime and/or compensatory time may not be approved to allow for participation in the NCR MD CFWP.

ENCLOSURE 2

(2) If work requirements do not allow for an employee to use administrative leave during the work day, the use of Alternative Work Schedules (AWS) is encouraged in accordance with AWS program guidance. This includes allowing the employee to participate in fitness activities before or after work in a non-paid, non-duty status. (For example, if a peak period of workload requires an employee to work for a full 8-hour period, and, therefore, he/she cannot be spared for administrative leave, the employee may be allowed to change his/her schedule from 8:00 a.m.–4:30 p.m. to 9:00 a.m.–5:30 p.m. to allow him/her to participate in a smoking cessation course at 8:00 a.m. in a non-paid, non-duty status.) Note: Any change in work schedule is subject to supervisory approval.

(3) Administrative leave can be combined with authorized breaks or in conjunction with the regularly scheduled lunch period with supervisory approval. Administrative leave may not, however, be used before an employee reports for duty or to allow for an employee's early departure.

(4) Request for Reconsideration. If an employee's request for administrative leave to participate in the fitness program is denied or revoked, the employee may request reconsideration by his/her next level supervisor. There is no additional right to file an administrative grievance.

c. Fitness and Wellness Criteria. Fitness activities suitable for approval under this policy address cardiovascular/aerobic endurance, muscular strength, endurance, flexibility, and body composition. Wellness program activities include, but are not limited to, classes in the following areas: health education, nutrition, stress management, weight management, and tobacco cessation, or on-site Joint MTFs and Centers.

d. Time Keeping Requirements. Employees and time and attendance certifiers must ensure that administrative leave used is accounted in the Automated Time Attendance Production System. The code to use for Administrative Leave is "LN."

e. Reporting Requirements. Copies of all active NCR MD CFWP Agreements must be kept by the employee and the supervisor, and a copy maintained by the MTFs /Centers Human Resources Liaisons to satisfy reporting requirements.

f. Injury. If injury occurs during a fitness/wellness activity while on administrative leave, the employee must immediately notify his/her supervisor and the Civilian Human Resources Center (CHRC), Labor Management Employee Relations.

g. Frequently Asked Questions. Enclosure 4 is a list of frequently asked questions regarding the NCR MD CFWP.
